

Science Adventures Program

Schedule and registration form also online: <http://ed.fnal.gov/sciadv>

Science Adventures are informal classes in science and mathematics designed for students and/or families. Experienced classroom teachers or experts in a given field teach the classes. The program format emphasizes student-centered, hands-on learning using entertaining and thought-provoking activities.

Parents:

We request your cooperation in registering students only when they meet the grade requirements.

You must register to attend any adventure.

You may pay with a check written to *Fermilab*, charge or cash.

If paying by check, pay with separate checks: one check/adventure/student.

Complete the registration form, listing one name and one adventure per line.

Mail or fax the registration with your payment.

Deadline for adventures is one week prior to scheduled date, but registrations will continue until the adventure date if there is room.

Fees will be returned if we cancel a class.

You will not be charged if you cancel your registration one week prior to the class.

Questions?

Email the Registrar at sciadv-reg@fnal.gov.

Directions to Fermilab:

Classes are taught at the Lederman Science Center located at Fermilab in Batavia, Illinois. From Highway 88 take the Farnsworth north exit to Pine Street. From Highway 38 or 64 take Kirk Road south to Pine Street. Turn east on Pine Street. The Center is the second building.

Submit registration form by fax to 630-840-2500, or mail to:
Science Adventures, Fermilab, P.O. Box 500, MS 777, Batavia, IL 60510-5011
