**Wonders of Science Show**  
**Sunday, April 29, 2018, 1:00 PM**  
**Ramsey Auditorium, Wilson Hall, Fermilab**

Award-winning high school chemistry and physics teachers will present a fast-paced series of demonstrations on chemical and physical phenomena that will involve you and your young scientists mentally and at times, physically! Portions of this show have been seen on many national television broadcasts including *Inside Edition*, *The CBS Evening News*, and David Letterman. The presenters are master science teachers who have been recognized locally and nationally for their ability to reach young minds.

Seating is limited and registrations will be accepted in the order they are received. Mail early to ensure seats at this very popular event.

Recommended for families with children, ages 7 through 12.  
Registration Fee: \$5.00 / person (non-refundable). Children must be accompanied by an adult with at least one adult per five children.

Please enter Fermilab at the Pine Street entrance off of Kirk Road.
